Artemis Technologies Pvt. Ltd. - Recruitment Policy

1. Introduction

This Recruitment Policy defines the standardized procedures followed by Artemis Technologies Pvt. Ltd. to attract, evaluate, and hire qualified candidates. The objective is to ensure that all recruitment activities are conducted in a fair, transparent, and efficient manner, aligned with the organization's strategic goals and values.

2. Objectives

The key objectives of this policy are:

- To recruit highly qualified and competent individuals
- To ensure a fair, unbiased, and transparent hiring process
- To promote diversity and inclusion within the organization
- To maintain consistency and efficiency in recruitment practices
- To align hiring decisions with organizational goals

3. Scope

This policy applies to all recruitment activities within Artemis Technologies Pvt. Ltd., including:

- Human Resources (HR) team
- Hiring managers
- Interview panel members

It covers all stages of recruitment from job requirement identification to onboarding.

4. Job Requirement Identification

The recruitment process begins with identifying the need for hiring. The hiring manager, in coordination with the HR team, is responsible for:

- Defining the job role and responsibilities
- Identifying required technical and soft skills
- Determining experience level and qualifications
- Preparing a detailed job description
- Justifying the hiring requirement

5. Job Posting and Sourcing

Once the job requirements are finalized, the position is advertised through appropriate channels:

- Internal job postings within the organization
- External job portals (e.g., LinkedIn, job boards)
- Employee referral programs
- Campus recruitment initiatives

The objective is to attract a diverse and qualified pool of candidates.

6. Application Screening

All received applications are reviewed by the HR team. Candidates are shortlisted based on:

- Educational qualifications
- Relevant skills and experience
- Alignment with job requirements
- Resume quality and completeness

Only candidates meeting the criteria are progressed to the next stage.

7. Selection Process

The selection process is designed to assess candidates comprehensively and consists of the following stages:

7.1 Technical Evaluation

- Conducted through coding tests, case studies, or role-specific assessments
- Evaluates technical knowledge and problem-solving ability

7.2 HR Interview

- Assesses communication skills, attitude, and cultural fit
- Evaluates candidate expectations and career goals

7.3 Final Interview

- Conducted by the hiring manager or senior leadership
- Focuses on decision-making ability, role suitability, and alignment with company objectives

8. Offer and Onboarding

Candidates who successfully clear all selection stages are provided with an offer letter that includes:

- Job title and responsibilities

- Compensation and benefits
- Terms and conditions of employment

Upon acceptance, the onboarding process begins, which includes:

- Document verification
- Orientation sessions
- Introduction to company policies and culture

9. Equal Opportunity Policy

Artemis Technologies Pvt. Ltd. is committed to providing equal employment opportunities to all candidates. The company strictly prohibits discrimination based on:

- Gender
- Race
- Religion
- Nationality
- Disability or background

All hiring decisions are based solely on merit, qualifications, and organizational needs.

10. Confidentiality

All recruitment-related information must be handled with strict confidentiality:

- Candidate data must be securely stored and protected
- Personal information must not be shared without authorization
- Interview discussions and evaluations must remain confidential

11. Roles and Responsibilities

HR Team

- Manage and oversee the recruitment process
- Screen applications and shortlist candidates
- Coordinate interview schedules
- Ensure compliance with recruitment policies

Hiring Manager

- Define job requirements and expectations

- Participate in technical and final interviews
- Make final hiring decisions

12. Recruitment Timeline

The recruitment process generally follows this sequence:

1. Job requirement identification
2. Job posting and sourcing
3. Application screening
4. Interview rounds
5. Final selection
6. Offer issuance
7. Onboarding

Efforts are made to complete the process efficiently while maintaining quality.

13. Rejection and Feedback

- Candidates who are not selected will be informed through appropriate communication channels
- Feedback may be provided upon request, subject to company policy
- All communication must be professional and respectful

14. Policy Review and Updates

This policy will be reviewed periodically to ensure alignment with organizational goals and industry standards. Necessary updates will be made to improve effectiveness and compliance.
